Research Proposal.

The research proposal should not be more than 8 pages (single space, with an 11 point minimum font size). Ideally, the proposal will be directed to a panel not necessarily expert in the specific biomedical field of the candidate. In addition, consideration will be given to those candidates that include innovative strategies that might not be funded by conventional sources. Research proposal guidelines are available at

<http://www.edwardsfoundation.org/award/index.html>
